- Traditional Salish - Shishalh stories.

Includes: Guide-Ambassador, Camera Person and Zoom Link Access, songs, stories, and interpretive tour with opportunity to have discussion and ask questions at the last 15 minutes of the tour.

Welcome to our Talaysay VIRTUAL TALKING TREES PROGRAM.

This is a virtual cultural experience, via Zoom. Your Talaysay guides-ambassadors will take you on a virtual forest and ocean tour and share and teach the rich stories and history of the land while you learn how the trees and plants are used by indigenous people for both food and medicine. Learn to identify plant and sea plant species so when you venture into the forest and onto the beach you too will know what is edible, medicinal and adaptable for technology.

Join us and take a cultural journey onto and into the land.

You require Zoom to join this tour.

For all participants to enjoy this on-line tour, we ask that all participants keep your speaker on mute and when we have interactive questions and discussion at the last 15 minutes of the tour, we will invite you to unmute your speaker so that we can chat.

You are welcome to type conversation and or questions. Your guide may or may not see the questions while guiding but we will be sure to address them at the end of the tour.

Rate: Group rate of \$750 per group of 20 and \$37.5 for any additional guests. Plus gst.

Best Practices: In our online experience, we ask all participants and guides to be respectful and conscientious of your language. It is most enjoyed when all participants have a chance to ask a

question or comment. We invite your feedback always. If you have a matter to discuss regarding your experience on this tour, you are most welcome to email info@talaysay.com and or contact the owner/operator Candace Campo after the tour at 1-800-605-4643 (Toll Free) or 604-628-8555 (Vancouver line)
